Stan Lee presents

WHO THE FOOLS ARE

Three shots.

Is this how I plan
to combat the new
age of barbarism,
by murdering
children a piece
at a time?

Journal Entry # 24

I truly don't know
how long I stayed
here. Hours maybe.

The revelation
had struck with
a force that
rushed me to
the passing
of time.

ACE AUTO ALIGNMENT & REPAIR

Thinking
demands effort

Physical
presupposes
thinking

Conscience
presupposes
principle

Restraint
presupposes
constraint

Ordinary
civility
presupposes
restraint

Recognition
of a "common
good" presupposes
at least a minimal
level of civility

Without belief in a
common good, the
link between actions
and all but their
most immediate
personal consequences
is severed.

Derivative
effects
and all
collapses

Agonies of early
disposal from
consequences.

Until I
intervened.

His reaction was
more gashment
than anything else.

That a stranger
would get
involved.

That the balance of
power had shifted
so suddenly.

If the
best had
deserved
all right.

What was
in no
shape
to think
about it.

FOOL.

I was so pleased with
myself, so convinced
I'd found the all-
encompassing paradigm.

Obviously there was something I'd missed.

WARRIOR: OH, WARRIOR... OH, BARRY...

I LOVE YOU, BARRY—I'LL NEVER LET YOU GO AGAIN...

The simple answer—Japan and V. masochism didn't seem to fit.

THE GONNIA: WARRIOR, YOU COME FOR THIS!

WHO DO YOU THINK YOU ARE?

THE ROCK KILLER

She actually respected him.

NO...MAM...POWER...!

Right up to the moment when she saw him beg.

The horror in her eyes after the bomb wasn't just the fear of death. Oh, no.

It was considerably more profound than that.

I think I just blown up last paradigm.
